STANDING PLANT LAMP

FLF27DFLED

ASSEMBLY INSTRUCTIONS

1. Connect the two ends of the Power Cord (between the Base and Shaft) using the lock connectors.
2. Carefully tuck excess Power Cord into the Shaft.
WARNING: Do not cut or shorten the power cord.
3. Insert the Gooseneck and the Shaft into the Base.
4. Check direction of the lamp and the hole on the Base, then use a Phillips Head Screwdriver (not included) to tighten the screw into the hole.

CAUTION: BE CAREFUL NOT TO PINCH ANY PART OF THE CORD BETWEEN METAL PIECES.
